YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

IF CROSS, FEVERISH OR BILIOUS GIVE "CALIFORNIA SYRUP OF FIGS."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother! see if tongue is coated. This is a sure sign of constipation. Liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untrue letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

PRO-BRITISH SENTIMENT ASSAILED IN THE HOUSE.

Representative Gallivan Belitts Talk of Our Heritage from England.

Washington, Jan. 27.—Representative Gallivan, democrat, of Massachusetts, told the house today that by its acts the United States had lost its position as peacemaker of the world.

"I cannot help thinking that if a policy of watchful waiting had been exercised toward the European war, and one of action toward Mexico," said he, "we would now occupy in the world a place of grandeur, surrounded by the gratitude of the nations."

Applause greeted his remarks. He attacked pro-British propagandists as seeking to army one class of Americans against another.

"I have no sympathy with the Roosevelt, Root, Lodge, Choate interpretation of history," he concluded. "It is superficial. They would have us believe that all our rights are due to a heritage bequeathed to us by England. America is not an offspring of England. She has a genius of her own."

Mr. Gallivan declared he was in favor of preparedness.

NATIONAL ASS'N OPPOSED TO WOMAN SUFFRAGE.

Adopt Resolution Favoring Measure for National Defense.

New York, Jan. 27.—A resolution favoring measures for national defense, adopted by the directors of the National Association Opposed to Woman Suffrage at a meeting here today, appealed to "the mothers of the country to teach their children reverence for authority, obedience to the law and willingness to sacrifice selfish interests for the country's good."

Women everywhere "in times of peace as well as of national disaster," the resolution declared, "should strive to further the cause of preparedness by the study of the sources and conservation of the food supply, by thrift and economy in household management and by care for the physical well-being of our people."

NOTE ON SUBJECT OF ARMING MERCHANTMEN.

Sent by Secretary Lansing to "A Foreign Power or Powers."

Washington, Jan. 27.—Secretary Lansing announced late today that the United States had addressed a note to "a foreign power or powers" on the subject of arming merchantmen.

The secretary declined to say to what power or powers the note had been sent, or to give any intimation of its contents.

In diplomatic circles the understanding seems to be that the communication has been brought about by the arrival of Italian steamers in American ports with guns mounted, and the unofficial intimation that Austria was preparing to regard such ships not as unarmed merchantmen.

There have been intimations that the United States was about to announce a definite position on the question. It is not unlikely that this is announced in the note to which Secretary Lansing referred today.

EMPEROR FRANCIS JOSEPH

REIGN OF FRANCIS JOSEPH ACT UALLY LONGEST IN RECORDED HISTORY

Francis Joseph I, emperor of Austria, apostolic king of Hungary, king of Bohemia, of Croatia, of Galicia, etc., was born Aug. 18, 1830, and ascended the throne Dec. 2, 1848, in succession to his uncle, Emperor Ferdinand I, who abdicated on that date. His reign of sixty-seven years is one of the longest in history, being exceeded only by that of Louis XIV, of France, who sat on the throne seventy-two years. But Louis was a child of five when he ascended the throne, whereas Francis Joseph had attained the comparatively mature age of eighteen, so in reality Francis Joseph has had the longest actual reign. The heir to his throne is Charles Francis Joseph, nephew of the murdered Archduke Francis Ferdinand, who was the nephew of Francis Joseph.
